

Finger Lakes Podiatry of Geneva, PLLC
650 Pre-Emption Rd, Geneva, NY 14456

09/01/2023

Dear Patients of Finger Lakes Podiatry,

We are writing this letter to inform you of an exciting ownership change at our practice. Effective September 1, 2023, Finger Lakes Podiatry will be owned and operated by FLH medical P.C., whose parent company will be UR Medicine Finger Lakes Health.

We are pleased to share this good news. We have had longstanding collaboration with Finger Lakes Health and we will continue to perform surgeries at the Finger Lakes Surgery Center and Geneva General Hospital. Our practice, established in 1983 has a long tradition of personalized service for patients of all ages suffering from a wide range of foot and ankle problems. We are honored you have chosen us for your care.

While the ownership is changing, our office locations in Geneva and Victor and phone contact information will not. We will be redirecting our patient portal link through the www.flhealth.org website.

We look forward to continuing to care for you. All our medical providers and staff will remain at the practice and continue to provide your care. You do not need to do anything to update your medical records. The only change you may see is that some of your correspondence or bills may now reflect the new ownership.

If you have any questions you can call us directly in Geneva at 315-789-8132 or at 585-742-3777 for the Victor office.

Sincerely,

J, Kyle Perillo, DPM

Lawrence E. LaRussa, DPM

Adelina Azfar, DPM
